NATIONAL ARCHIVES AND RECORD ADMINISTRATION
FREEDMEN'S BUREAU PRESERVATION PROJECT

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, view both the microfilm catalog *Black Studies: A Select Catalog of National Archives Microfilm Publications* and the National Archives microfilm locator on our web site at *www.archives.gov.*

INTRODUCTION

On the 133 rolls of this microfilm publication, M1904, are reproduced the records of the Kentucky headquarters for the Assistant Commissioner and his staff officers and the subordinate field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1872. These records consist of bound volumes and unbound records, containing materials that include letters sent and received, monthly reports, registers of complaints, labor contracts, and other records relating to freedmen's claims and bounty payments. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their family or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the

Washington Bureau headquarters and his subordinate officers in the subdistricts. Based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers, he prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction. The Assistant Commissioner also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, it was often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

THE FREEDMEN'S BUREAU IN KENTUCKY

ORGANIZATION

From July 1865 until June 1866, Maj. Gen. C. B. Fisk served as Assistant Commissioner for both Kentucky and Tennessee. Fisk appointed Bvt. Brig. Gen. John Ely to serve as chief superintendent for the Bureau at Kentucky (from March to June 1866). Ely established his headquarters at Louisville, Kentucky, and divided

his operations into five subdistricts: Lexington, Louisville, Northwestern, Southern, and Central. Records relating to Kentucky created prior to Ely's tenure may be included among the files of the Assistant Commissioner for Tennessee.

In June 1866, Maj. Gen. Jeff C. Davis was appointed as the first Assistant Commissioner for Kentucky. Superintendents (or subassistant commissioners) employed under Davis were generally responsible for from 3 to 11 counties, and agents (civilian and military) from 1 to 3 counties. Agents received their orders directly from superintendents, and all superintendents were required to submit monthly reports of their activities to the Assistant Commissioner. Brig. Gen. Sidney Burbank succeeded Davis in March 1867 and was replaced by Maj. Benjamin Runkle, who served from January 1869 to May 1869 as Assistant Commissioner and superintendent of education. In August 1870, when superintendents of education were withdrawn from the states, Runkle served as claims agent for Kentucky until July 1871. H. H. Ray succeeded Runkle as claims agent, and served in this capacity until December 1871. P. J. Overley became the claims agent in January 1872 and remained in this position until the Bureau's operations in Kentucky were discontinued in April. The major subordinate field offices for the Bureau at Kentucky included those with headquarters at Bowling Green, Lebanon, Lexington, Louisville, and Paducah. For a list of known Kentucky subordinate field office personnel and their dates of service, see the Appendix.

ACTIVITIES

While the Freedmen's Bureau did not begin full operations in Kentucky until June 1866, its activities in the state generally resembled those conducted in other Southern states. The Bureau supervised labor contracts between planters and freedmen, administered justice, assisted freedmen in the establishment of schools, helped freedmen legalize marriages, and worked with black soldiers and their heirs in processing claims relating to military service.

The regulation of written labor agreements between planters and freedmen was a major concern of the Freedmen's Bureau. In a circular issued on July 24, 1865 (Circular Number 2), Assistant Commissioner Fisk told his subordinates that for both Kentucky and Tennessee freedmen must be free to choose their own employers and that wages were to be based on supply and demand rather than a fixed rate. Bureau officials were to negotiate and approve labor contracts and enforce violations by either party. Compulsory unpaid labor was strictly prohibited. In some areas of Kentucky, planters refused to enter into written agreements with freedmen, and freedmen themselves were reluctant to enter into annual agreements for fear of being reduced to slavery. However, with strong reservations, Bureau officers negotiated monthly agreements for them but encouraged freedmen to sign annual contracts that offered yearlong employment. Wages for monthly contracts ranged from $8 to $10 a month for adult male field hands, well below the state's average wage of $15 a month for men. However by the summer of 1866, with the Bureau's insistence, adult laborers in the tobacco region of the state received $25 per month and laborers in the farm belt areas earned $12 per month. In some Kentucky counties, freedmen

received a third of the crops rather than wages. However, because of the shortage of laborers in the state, freedmen were able to demand higher wages, and thus over time the sharecropping system became less attractive.[1]

The Bureau worked to protect the rights and legal status of freedmen, which, despite the ending of slavery by the 13th Amendment, were still endangered by the persistence of the old slave codes. On May 30, 1865, Commissioner Howard issued Circular Number 5, authorizing Assistant Commissioners to establish courts in states where the old codes existed and the right of blacks to testify against whites was prohibited. Gen. Fisk subsequently announced to the citizens of Kentucky that freedmen courts would operate in the state as long as freedmen weren't given the same rights as whites. By 1867, as a result of several Federal court rulings, Bureau courts ceased to operate in Kentucky. When state courts denied black testimony, the agency, under provisions of the Civil Rights Act of 1866, took cases involving freedmen to the U.S. District Court of Kentucky. In instances where freedmen lacked resources to pursue their cases in Federal court, the Bureau provided transportation for witnesses and other forms of assistance. Despite the Bureau's efforts to safeguard rights and secure justice for freedmen in Kentucky, admitting the testimony of blacks against whites still remained an issue in 1869 when Bureau Assistant Commissioners and their subordinates were withdrawn from the states. However, in January 1872, with a change in public opinion and pressure from the courts, the Kentucky State Legislature amended state law and allowed blacks to testify.

When Gen. John Ely began his duties as chief superintendent for Kentucky under Gen. Fisk's supervision, there were 30 freedmen schools and more than 2,000 students. The schools were organized and maintained by black churches, with black clergy as instructors. Freedmen schools faced widespread violence and white opposition, and in many cases, teachers and students were forced to abandon efforts to maintain school buildings. Ely and his subordinate assisted freedmen in reopening schools that had been forced to close.[2] Under Maj. Gen. Jeff C. Davis, who replaced Ely in the summer of 1866, the number of freedmen schools increased to 54, with some 67 teachers and more than 3,200 students. Excluding the schools established at Lexington and Covington under the auspices of the Cincinnati Branch of the Western Freedmen's Aid Society and the Cincinnati Branch of the American Missionary Association, the freedmen schools were taught by black teachers who were supported by subscriptions from parents and black religious institutions. The Bureau, however, rented the building for the school at Lexington. Under Brig. Gen. Sidney Burbank, who succeeded Davis in March 1867, the number of freedmen schools increased to 96, accommodating about 5,000 students aged 6–18. By

September 1868, in spite of continued violence and opposition, the Bureau had provided support for 135 day schools and 1 night school, serving more than 6,000 students.[3]

On February 14, 1866, the Kentucky State Legislature passed an act legalizing marriages freedmen had entered into during slavery and authorizing black ministers to solemnize such marriages. Nearly 2 weeks later, on February 26, 1866, Assistant Commissioner Fisk issued Circular Number 5, in accordance with the Kentucky law, directing those freedmen who sought to solemnize a marriage to the county clerk for a marriage license. If the county clerk refused to issue a license, Bureau officials in the subdistricts were authorized to solemnize marriages and issue marriage certificates. Local Bureau officers were required to maintain a register of freedmen marriages and forward a report of such marriages to the Assistant Commissioner at the end of each month. Subordinate Bureau officers were also told to notify persons living as man and wife who had not legalized their marriage, to report to the Bureau to take the necessary steps to do so. Persons who failed to comply were guilty of a misdemeanor and were to be punished by a fine and imprisonment.[4] This microfilm publication reproduces marriage licenses, certificates, and registers of marriages for the Kentucky subdistricts at Augusta, Bowling Green, Columbus, Cynthiana, Owensboro, Paducah, Mt. Sterling, and Winchester. A single freedmen marriage license and a marriage certificate from Kentucky, filed in the Bureau's headquarters records, has been reproduced on roll 1 of National Archives Microfilm Publication M1875, *Marriage Records of the Office of the Commissioner, Washington Headquarters of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1861–1869.*

In addition to assisting freedmen in solemnizing slave marriages and efforts to sustain the black family, the Bureau helped discharged soldiers, sailors, marines, and their heirs in claims for back pay, bounty payments, and pensions. In accordance with a law passed by Congress on March 29, 1867 (15 Stat. 26), making the Bureau the sole agent for payment of claims relating to black veterans, Bureau disbursing officers assisted freedmen in the preparation and settlement of military claims. In November 1866, in spite of the difficulties in locating veterans who fled the state for fear of violence, Assistant Commissioner Davis reported that he had forwarded more than 260 black soldiers' claims for back pay and bounty payments to Commissioner Howard's office in Washington, DC. In the following year, Assistant Commissioner Burbank reported that his office had assisted nearly 500 veterans with military claims, and in the fall of 1868, for the year ending October 10, 1868, that more than 1,100 received bounty payments through his office.[5]

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, registers of freedmen court cases, special orders and circulars issued, registers of claimants, registers of complaints, marriage certificates, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters and narrative reports received, special orders and circulars issued, and general orders and circulars received. The unbound records also contain monthly reports; labor contracts; marriage certificates, and records relating to claims.

Some of the volumes contain more than one type of record, reflecting a common recording practice of clerks and staff officers of that period. On roll 93, for example, the volume of contracts for the Columbus field office also contains a register of marriages. Some other examples of additional series within volumes can be found in records on rolls 106, 123, and 133. Researchers should read carefully the records descriptions and arrangements in the Table of Contents to make full use of these documents.

RELATED RECORDS

In the same record group, RG 105, and related to records of the Bureau's field offices for Kentucky, are those of the Bureau headquarters in Washington, DC, and previously microfilmed records of the Assistant Commissioner and the superintendent of education for Tennessee. These record series are available in the following National Archives microfilm publications:

M742, *Selected Series of Records Issued by the Commissioner of the Bureau of Refugees, Freedmen, and Abandoned Lands,* 1865–1872

M1875, ***Marriage Records of the Office of the Commissioner, Washington Headquarters of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1861–1869***

Records in other National Archives record groups supplement those of the Assistant Commissioner. In Records of United States Army Continental Commands, 1821–1920, RG 393, are records of the military district that included Kentucky. Records relating to employment and welfare of freedmen and abandoned property before the establishment of the Bureau are among Records of Civil War Special Agencies of the Treasury Department, RG 366. The records of the Freedman's Savings and Trust Company, 1865–1874, in Records of the Office of the Comptroller of the Currency, RG 101, contain information relating to former slaves who maintained accounts with bank branches in Kentucky.

APPENDIX

This list provides the names and dates of service of chief medical officers and known Freedmen's Bureau personnel at selected subordinate field offices in Kentucky. Additional information regarding persons assigned to various field offices might be found among the Bureau's Washington headquarters station books and rosters of military officers and civilians on duty in the states and other appointment-related records.

Respectfully forwarded. The statement of Capt Graham can be relied upon. It appears that one Geo Thomas (Col'd) a sort of claim agent & has in connection with some other men to me unknown, been circulating among the Colored people all manner of false reports.
I am informed that he takes up the discharges in claims rejected by the Auditor, Charges a fee and tells the soldiers he will get $20 for them, which will be paid him. He has had a meeting of soldiers, issued a manifesto in which he states that the Bureau is done away with, I will procure and forward a copy of this Circular.
The leading Colored men and white Citizens say that he is a bad man, his object being notoriety & fees— He has had so much influence with some of the ignorant Colored Soldiers that they have refused to receive their bounties when tendered them,
A delegation of colored men have requested me to come there, address their meeting and settle their difficulties, I shall go on tuesday next and remain most of the week, I have known about the dissentions of the Colored people about Lexington for some time, but did not think it worth while to trouble you with them,

This undertaking is of a greater & more important character than any I have laid before the Commissioner.

This School house is a necessity. It will be open to the children in a Community numbering 1300 souls now. The white people will not send to the house. The great majority, while they profess to love the negro for a purpose, do not from choice, associate with him. Nothing can be expected from the civil authorities & hence the Commissioner's permission, his direction and appropriation is necessary.

I send to day a list of all the places for which I recommend appropriations and will make no more exceeding $150. dollars.

Respectfully forwarded to Commissioners B. R. F. and A. Lands Washington D.C. with the following information. This office has paid for rent of St Marks School during the year $450.00 - For Lexington Mission School $100.00

The Buckfoot Hoffman School is brought in a building owned by this Bureau. In the above cases the rent was turned over as Salary to the teachers. Teachers furnished by this Society stand among the best in the State. If it can be managed in any way so they could be paid the $600.00 I should be glad to sign any proper Certificate.

Respy forwarded. The attention of Maj Genl Thos Division and Bvt Brig Genl. H. W. Barnes Chief D. O. is invited to this report.

The grievances of Thomas and his partners (Spears) have not ceased and their impudence is no bounds. They are a source of continual trouble I have asked for the removal of men for whom I had bounty when the men were in the room and these parties stood knowing nothing about them I inclose two telegrams from Spears. The money for these men was in Lexington at last week and their employees were laborers several times each day and Thomas & Co knew of any knowledge of them I request that no more letters be addressed to them. I shall inform them that no more information will be furnished them from this office and will see that the colored people understand their obligations.

Respy returned to Chas. E. Johnson. atty at Law. Flemingsburg, Ky with the statement that the certificate of Margaret + Jane Johnson respecting the marriage of Grandison + Cordelia Argyle is defective. By an attentive perusal of it you will observe that some word or sentence has been omitted which destroys the sense. It would be better to furnish an affidavit which would read about as follows: personally appeared before me &c, Isaac and Margaret Johnson residents of — — who being duly sworn depose and say that on or about the — day of June 1866 Cordelia (her insert her maiden name) was married in their house and in their presence to Grandison Argyle late Pvt Co F 107 C.T. Said Grandison and Cordelia being at that time a slave and owned by deponents and that to the best of their knowledge and belief said Grandison Argyle never married any woman either prior or subsequent to his marriage to said Cordelia"

The affidavit of Margaret + Isaac Johnson respecting the above marriage which you state you forwarded to Col. Price when you placed the case in his hands is not in this office and may not be in Thos Anderson's office in Washington - hence the necessity of the affidavit herein mentioned. The letter written by Grandison Argyle from his Regiment in the field to his wife is incomplete and nowhere mentions her name but merely addresses her as "my dear wife"

The previous application forwarded in your case, by Col Catlin, was defectively prepared and improperly executed. Herewith I send you a new application, which you must take to the clerk of the County Court, and have it properly executed and then return it to me, together with this paper. When you appear before the County Clerk you will require two witnesses, as when you made your first application; they need not necessarily be the same witnesses, but persons who can testify to the same facts. 1st Lieut U. If Mr Fisher is positive that the Morton Green, whose payment he witnessed, was a corporal in Co "D" 4th U. S. It is supposed that Mr Syms is in Montana filling some civil federal office there, but if this should not be the case, and Mr S. should be in Paducah, please refer to him also for information in the case, and return this paper 1st Lieut U. "I did not know any of the men individually that I paid – had no description lists of them and had to rely entirely on the Claim Agents or the men themselves. "This payment, it seems, was witnessed by Hon G. W. Symes and W. J. Fisher. Endorsement on M. 60. vol 1. 1870.

Louisville, Ky Mch 18. 1870

Respectfully returned to J. H. McHenry Esqr Owensboro, Ky., with the information that the records of this Office show that the claim of Columbus Patton, late Private of Company "C" 109th U. S. Troops was paid at this Office on the 11th inst. In the case of the other two (2) claimants, within mentioned, viz: Juda Jackson, wid of Charles Jackson, dec'd, late Pvt of Company "M" 6th U. S. C.T.A. and Clementine Ashby wid of John Ashby, dec'd, late Pvt of Co "E" 118 U. S. Troops, their money is here, and will be paid as soon as it is found practicable to send a Disbursing Officer of this Bureau to pay them. It may be proper for me to add in the case of Clementine Ashby that she has been so diversely described to us as being a "decrepid old woman unable to leave her house" and again as being "young or middle aged and unmarried" and living at Hartford, Owensboro, & other places at the same time, that we are beginning to have grave doubts of the witness of the genuine Clementine Ashby in whose favor the claim was allowed. On three different occasions Disbursing Officers of this Bureau went to Hartford to find that she was reported to be living at, but when they got there she could not be produced.

If you can communicate any information that will tend to establish her identity, please do so; especially the name and residence of the agent who prosecuted her claim.

Covington, Ky. April 12. 1870

Respectfully returned to William P. Drew, Esqr, Chief of Claims Division, War Dept. Bureau R. F. & A. Lands, Washington, D.C., with the information that Vincent May, within named, has failed to furnish satisfactory proof of his non-payment. He produced two witnesses by whom he said he could prove that he was absent from Louisville, Ky., at the time Mr Morrill claims to have paid him, but upon interrogating his witnesses closely it was found that knew nothing about the matter at all, which would indicate that he tried to get those witnesses to perjure themselves in his interests; besides he has equivocated in various ways about his case.

The enclosed papers from Mr Ross show too that he has perpetrated several frauds in connection with

his claim. I am satisfied that Col Morrill paid him as he /Morrill/ states.

Endorsement on A 921. 1870.

Shreveport, La. Mch 21. 70 Respy. returned to Genl Runkle with the information that I paid this man. While paying bounties in Ky during the time herein specified I paid a man at Hickman. When this paper reached my Office I was traveling in the Country. On reading it I was not certain in regard to the name. I at once addressed a letter to Genl Babcock asking him to examine his receipts & let me know if my name was attached thereto. This has caused this delay. He reports that my signature is on the receipt referred to. I paid but one man at Hickman and this must be the one. I paid him at the Hotel where I put up. He declined to go to the claim agent saying he had promised him a considerable fee in excess of the amount allowed the agent by law, and he did not want him to know he had been paid. I had numbers of cases of the Kind. Whenever the payment was not witnessed by the claim Agent or some whom I knew was acquainted with the soldier I always signed my Official rank and title as witness. The receipts in this case were so signed. If Genl Runkle has any Officer in that part of Ky I would suggest he send him there and interrogate the man on the subject. James McCleery -

Endorsement on H 307 vol 1. 1870

Covington, Ky. June 11. 1870.

Respectfully returned to William P. Drew, Esqr, Chief of Claim Division, War Dept. Bureau R Fas & Lands Washington. D.C. inviting attention to enclosed correspondence with Martha Vinus, widow of Jackson Vinus, (dec'd) late Pvt. Co. K 12th U. S. C.T, respecting an advance of $150.00 which her Attorney, A. C Hayslip of Brownsville, Ky, claims to have made to her on her claim for Bounty. I think there is some fraud connected with this case. You will perceive that in response to my first letter she declares emphatically that she received no money from Mr Hayslip on account of Bounty or on any account, except some pension money that was due her &, whilst in reply to my second letter she acknowledges to have received the full amount from Mr Hayslip, & says she thought my letter referred to Pension, but the phraseology of her letter proves that she did not misunderstand my letter.

I do not know the man "Barnes" who conducted the correspondence for her and consequently do not know what reliance to place in the letters which he has written for her. It looks to me as if the Attorney who is interested had found out what was going on (doubtless through Barnes) & compromised the matter with the woman, in order to get out of the difficulty,

In view of the suspicious character of the case I do not feel authorized to certify to the correctness of the receipts. I know of no way to get at the actual facts, except by sending an Officer there to see the woman and investigate the matter, which course you would hardly be disposed to authorize owing to the expense it would involve, or to defer any further action in the case until the business of paying claims, or some other business which compells Officers of the Bureau to travel brings one that way when the matter can be attended to.

Colored Troops, is in this Office and will be delivered to her as soon as it is found practicable to do so safely. The within letter purporting to be written by Ellen Hamilton is believed to have been written by you. If such is the case you should be aware that by writing the name of any other person, except in a manner to show that it was written by you for that person, you render yourself liable to a prosecution for forgery. If Ellen Hamilton cannot write her name she should have signed the enclosed letter by mark, and her signature in that way should have been duly attested, or you might have written it thus: "Ellen Hamilton, per Geo. Respectfully ret's to Lt Rankin U.S.A. Dolby I have no distinct recollection about the within named man, I have no data at hand to refresh my memory. In the month of Sept. or Octo 1868, I was charged with the disbursement of a considerable sum of money to colored claimants for bounty. I was desirous to visit Mayesville by-among other places I had verbal directions from Chief Dr. to pay such men as I could find & keep the residue of the money & receipts with the various officers in charge of Sub Dists at Mayesville.
